Who are we?

The Tennessee Public Transportation Association (TPTA) is a statewide non-profit organization dedicated to improving public transportation in all Tennessee communities.

Why is public transportation important to Tennesseans?

Public transportation benefits every segment of Tennessee, including individuals, families, businesses, industries and communities by:

• Reducing congestion and pollution.
• Saving energy.
• Improving air quality.
• Contributing to economic development and job creation.
• Encouraging healthy lifestyles.
• Providing transportation to jobs, schools, and medical appointments.
• Allowing seniors, those with disabilities and those without other means of transportation to remain independent.
• Providing personal mobility and freedom to people from every walk of life.

Providing Superior Products and Service for Your Transportation Needs

We are a Proud Supporter of the Tennessee Public Transportation Association

www.tntransit.org
Nashville’s WeGo Public Transit is using BAE Systems’ latest technology with geofencing to operate its newest line of transport buses. Allowing automatic switching between Series-ER electric power inside designated zones and hybrid electric power outside those zones eliminates the need for charging infrastructure, range anxiety, and performance restriction.
